Eagle, PA	49 ¢

The Charge per Barrel noted above includes charges for odorization, whether or not odorant is added.

ODORIZATION STATEMENT:

Customer acknowledges to Enterprise that customer is familiar with the properties of odorized propane, and the properties of the chemical stench (odorant) ethyl mercaptan, and of the method for safely using and handling odorized propane. Customer agrees to use its best efforts to inform its customers of the key properties of odorized propane. Customer represents that its instructions regarding the use or nonuse of odorant shall comply with any and all legal requirements applicable to customer's use, storage, handling or transportation of propane. **IT IS UNDERSTOOD AND RECOGNIZED THAT ODORANT CAN FADE OVER A PERIOD OF TIME OR FADE IF SUBJECTED TO CERTAIN METAL OR CONDITIONS OF METALS AND MAY THEREFORE BE UNDETECTABLE. CUSTOMER REPRESENTS THAT IT IS FAMILIAR WITH THE ALLEGED PROBLEMS ASSOCIATED WITH ODORANTS AND ODORIZATIONS PARTICULARLY THE PROBLEM OF ODOR FADE AND THAT CUSTOMER HAS TAKEN ALL NECESSARY STEPS TO WARN ITS CUSTOMERS OF ODOR FADE PROBLEMS AS WELL AS THE MATTERS PERTAINING TO ODORIZATION OF PROPANE.** Enterprise shall have no further responsibility to monitor the propane or take any further action after delivery thereof to customer or its agent to ensure that the propane remains properly odorized after delivery to customer.

Prior to transporting any propane received hereunder, customer's driver or its agent's driver shall insure and determine if the propane is odorized utilizing industry accepted test performed in accordance with industry accepted standards. Customer's driver or its agent's driver shall not take any propane which it discovers; should have discovered; or has reason to believe is not odorized or sufficiently odorized. Before transporting any propane from the Enterprise's Terminal, customer's driver or its agent's driver shall make the following certification on Enterprise's bill of lading or meter ticket, as the case may be:

This is to certify that the above named materials are properly classified, described, packaged, marked and labeled, and are in proper condition for transportation, and the tank truck utilized for shipment is a proper transportation container, all according to the applicable Department of Transportation regulations as well as any applicable state and local laws or regulations.

Unless otherwise directed in writing by customer, all propane delivered hereunder shall be stented (i.e., odorized) by Enterprise utilizing ethyl mercaptan. Propane delivered hereunder shall meet minimum odor standards applicable on the date of delivery as stated in both the Department of Transportation Code of Federal Regulations, 49 CFR § 173.315(b)(1) or any successor regulations, and the State and local requirements of the State where the stenting is performed.
